

## Announcement

14 November 2016

### **Suspension of trading in NeuroSearch shares: Delivery of judgment**

Today, the Danish Supreme Court will deliver its judgment in the case that arose from NeuroSearch's announcement in February 2010 presenting top-line results from a Phase III clinical study of the drug candidate Huntexil®. NeuroSearch has previously received two lower instance judgments for violation the ban on market manipulation, ordering NeuroSearch to pay a fine of DKK 5 million. We refer to our previously issued company announcements.

On the occasion of the delivery of judgment, NeuroSearch has requested NASDAQ Copenhagen to suspend trading in NeuroSearch shares from Monday, 14 November at 12.00 CET. The suspension will be lifted when NeuroSearch has released an announcement on the Supreme Court judgment.
