

Swedish wind farms Gunillaberg and Lunna has been handed over to KGAL

Hässleholm, Sweden, August 31st 2017

Eolus has completed wind farms Gunillaberg and Lunna in Jönköping and Askersund municipalities. All conditions for the completion of the transaction between Eolus and the German asset- and investment manager KGAL regarding the sale of the wind farms comprising 15.4 MW have been fulfilled and the buyer has taken over the facilities.

In December 2016 Eolus signed an agreement with KGAL regarding the sale of the two wind farms Gunillaberg and Lunna in southern Sweden comprising seven Vestas V100 2.2 MW wind turbines. Gunillaberg comprises four wind turbines and Lunna comprises three wind turbines. All conditions for the fulfillment of the transaction regarding the turn key wind farms have been met, payment have occurred and the buyer has taken over the facilities.

Eolus will deliver asset management services for the wind farms.
